Dear Ms Kerrison

Thank you for your letter of 27 September 1998 outlining your concerns over certain psychiatric assessments.

I understand that the Independent Commission Against Corruption has decided to examine the system of controls used by the Government in this area. In that process, the Commission will draw from individual cases to which it has access.

I also see that you have written to the Commission bringing your concerns to its attention. In that light, I expect that the Commission will be able to consider your concerns in its examination.

Yours sincerely
